SUMMARY

Computer Science and Engineering graduate with expertise in Python, C/C++, databases, AI, automation, and API integration. Strong problem-solving skills, hands-on project experience, and a passion for developing innovative, real-world software solutions.

EDUCATION

B.Sc. in Information and Communication Engineering

East West University (EWU) | Graduated | CGPA: Approximately 3.30/4.00

SKILLS

Programming Languages: Proficient in Python and C++; working knowledge of Java and C

Technical Expertise: Skilled in SQL, AI/ML programming, workflow automation, and API integration

Tools & Platforms: Experienced with GitHub, Linux, Google Workspace, MS Office, Canvas, and project management software

WORK EXPERIENCE

AI Automation Engineer — Corporate Ask

Unpaid | 2026 • Developed and supported AI-powered automation solutions to streamline business workflows. • Worked with automation tools, APIs, and AI services to design and implement practical workflow solutions. • Assisted in integrating AI capabilities into business processes and improving task efficiency.

PROJECTS

Capstone Project: Early Detection of Powdery Mildew in Plants Using Electrical Signal Analysis (Multimodal ML)

Completed | Academic

- Developed a machine learning-based system for early plant disease detection using electrical signal data and multimodal inputs
- Applied data preprocessing, feature extraction, and model training techniques to improve prediction accuracy
- Gained hands-on experience in real-world ML pipeline development

Plant Dashboard

Completed | Academic | June 2026

Developed a web-based plant health monitoring system that analyzes sensor data using machine learning to detect plant diseases, displays results on an interactive dashboard, and integrates Telegram notifications for real-time farmer alerts.

CERTIFICATIONS

Excel for Being a Data Analyst — Data Solution 360

Module of the Data Analyst Job Ready Bootcamp | Completed September 2025 | Score: 93% (A+)

Demonstrated proficiency in spreadsheet analysis, data cleaning, formula design, lookups, pivoting, charting, and dashboards.

ACTIVITIES & VOLUNTEERING

Volunteer — National Telco Warfare 2024

East West University Telecommunications Club (EWUTC) | 2024

Recognized with a Certificate of Appreciation for outstanding volunteering in organizing and supporting the National Telco Warfare 2024 event.

LANGUAGES

English — Fluent (Reading, Writing, Speaking)
